# PMP RJV-3200 "All-In-One" Thermal Printer

**NEW  
PRINTER  
from PMP!**

**PMP #67100**

*A DIRECT REPLACEMENT FOR THE  
VERIFONE® 950 AND P540 PRINTERS*

Features	Benefits for your Customers
"Plug and Play" direct replacement for TM-U950 and P540 printers	A direct replacement for Ruby applications not requiring the slip function.
High speed thermal printing — Up to 5 to 6 times faster than TM-U950.	Faster transaction time means less waiting time for customers.
Small printer size 5.75"W x 8.25"L x 5.75"H	Small printer footprint saves counter space.
Drop-in paper loading	Fast, easy paper change. No feeding paper through platen.
Large capacity paper tray — holds up to 4"(102mm) diameter paper roll	Longer cycle time before reloading.
Spill Shield™ spill resistant design	Reduces downtime due to accidental spills and foreign objects dropped in printer.
Receipt printout exits from front of printer	Front printing makes it ideal for under the counter location.
80mm paper width	Readably available paper size.
Thermal printer	Much quieter operation than dot matrix TM-U950. No need for two types of paper.
Stores journal electronically	Print journal daily, weekly or monthly printing — anytime you want it.
32 MB of non-volatile journal memory (NOV RAM)	Large electronic journal memory means you can download journal at off peak times. 32 MB of memory equals data up to 80 rolls of 3" diameter paper!
Security key needed for journal printout	Journal is secure and accessed only by key switch.
Uses existing VeriFone® cable and adapter	Fast and easy to install.
Internal power supply	Doesn't need a separate Power Brick. This saves space on/under counter. Lightens the load on Ruby Power Brick.
1 year warranty from invoice	Thermal printers are built for reliability and long life.
