

## PMP FREIGHT PLAN

Our Freight Plan is designed to help you save money on freight charges for larger shipments. Simply stated, we will pay the freight on **INBOUND and OUTBOUND** shipments of 300 pounds or more within the Continental U.S. and Canada, which meet the requirements listed below. The PMP Freight Plan does not include customs brokerage fees and other charges.

### INBOUND

The primary purpose of this plan is to save you money on inbound shipments **in excess of 300 pounds** of cores. These shipments should be for cores owed to PMP, items for your core bank, or items for sale to PMP.

For ALL inbound freight shipments, contact WORLD FULFILLMENT LLC, to arrange transportation.

World Fulfillment will provide BOL and Pallet Labels with information provided. World Fulfillment will also make all arrangements with designated carriers for pick-up.

#### CONTACT:

Email: [FTL@worldfulfillment.com](mailto:FTL@worldfulfillment.com) (preferred method).
